

Polyiso Commercial Roof Insulation

Effective Dates: March 1-June 30, 2015

Product Minimum Order Quantity Policy

Standard Flat: 1 bundle

Standard Tapered: N/A

Non-standard Flat/Tapered/Scored:

- 4' x 8' boards: 12 bundles
- 4' x 4' boards: 24 bundles
- Minimum order quantity for boards with the same thickness can be split between 4'x8' and 4'x4' boards on the same truck (i.e. 8 bundles of 4'x8' and 16 bundles of 4'x4' equal ½ truckload).
- Product thickness restricted to 1/10th inch increments unless listed on product list.

Product Upgrades

- 25 minimum psi compressive strength adder: \$0.03/board foot
- GenFlex HD Facer adder: \$0.07/square foot
- Scored ISO adder: 10% (Minimum order is 12 bundles per thickness)

Composite Products Available for Special Order (Non-standard product policy applies):

GenFlex HD Polyiso Composite (Thicknesses available from 1.5" to 4.0")

GenFlex Nailbase Composite Board (Thicknesses available from 1.5" to 4.0")

GenFlex Wood Fiber Composite (Flat & Tapered; Thicknesses available from 1.5" to 4.0")

Ordering non-standard products:

- Sales Representative will contact customer service via phone or email to submit the customers' purchase order confirming order of a non-standard product. GenFlex must receive a copy of the customers' PO in order for customer service to enter the order.
- The order acknowledgement will contain the product nomenclature, quantity, and a delivery date.
- Changes to the non-standard product portion of the order may be made until two weeks prior to the original scheduled delivery date. Due to manufacturing scheduling, product cure times, and quality assurance testing timelines, we cannot permit any product changes to be made within the two week window. If time between order placement and date of delivery is less than or equal to two weeks, no changes will be permitted.
- Because the product is manufactured specifically for the customer within the two-week window prior to delivery, the customer must take ownership of the non-standard product ordered and produced.
- Changes to the original delivery or customer pick-up date will be permitted up until 72 hours prior to that date.
- If a change in delivery date does occur, it must be within 30 days of the original delivery date. At the end of this timeframe, customer service will contact the rep for delivery instructions to occur within 72 hours.

Non-standard products appearing on the Slow Moving Inventory List are not subject to minimum order requirements unless a quantity greater than that on-hand is desired.

Standard Product Shipping/Customer Pick-Up

Rescheduling of standard product orders is permitted prior to 72 hours of the scheduled delivery or customer pick-up. Please note that rescheduled product may be used to fill other existing orders, and a delay may be experienced should it be necessary to manufacture additional product to fill the rescheduled order. Lack of available shipping slots may limit rescheduling options in peak demand periods.

NATIONWIDE STANDARD FLAT ITEMS

Product Line	Thickness	Size	LTR
GenFlex Polyiso

If any item is transitioned from "standard" to "non-standard" in a subsequent version of the Polyiso Commercial Roof Insulation list, standard product minimum order quantity will be honored for a period of six months from the change.

Please Note

The term "standard item" refers to commonly ordered items that fall under the standard minimum order quantity policy. While every effort will be made to minimize lead times on these products, market conditions may prevent them from being immediately ready for shipment.

STOCKING LOCATIONS:

BLI=Bristol, CT ● YWD=Youngwood, PA ● JAX=Jacksonville, FL ● FLO=Florence, KY ● DEF=DeForest, WI
COR=Corsicana, TX ● SLC=Salt Lake City, UT

ITEM LIST KEY:

= Standard Item = Available (Non-Standard Item) = Not Available at Plant*

*If a product is not available at your nearest plant, please contact customer service or your Region Business Manager for ordering options.
